About Fundsroom Infotech Pvt. Ltd.

Fundsroom Infotech Pvt. Ltd. is a technology-driven company that develops modern web applications, ERP/CRM solutions, and cloud-based platforms. Our internship program provides students with practical experience by working on live projects under the guidance of experienced professionals.

Role Overview

As a Full Stack Developer Intern, you will work on live projects to build modern web applications using React, Node.js, and PostgreSQL. You'll collaborate with designers and developers to develop responsive user interfaces, scalable backend services, and cloud-based applications.

Key Responsibilities

- Develop responsive web applications using React and TypeScript.
- Build REST APIs using Node.js and Express.js.
- Design and manage PostgreSQL databases.
- Integrate frontend with backend services.
- Write clean, reusable, and maintainable code.
- Collaborate with cross-functional teams using Git & GitHub.
- Optimise application performance and follow best development practices.

Skills Required

- React.js
- Node.js & Express.js
- JavaScript (ES6+) & TypeScript
- HTML5 & CSS3
- PostgreSQL
- REST APIs
- Git & GitHub, Postman
- Basic AWS knowledge
- Problem-solving and teamwork

Good to Have: Docker, Redis, GraphQL, CI/CD, Next.js, Tailwind CSS.

What You'll Learn

- Full Stack Web Development
- React & Node.js
- REST API Development
- Database Design (PostgreSQL)
- Cloud Deployment (AWS)
- Git Workflow & Software Development Best Practices

Performance Evaluation

Interns will be evaluated based on technical knowledge, UI implementation, code quality, task completion, teamwork, communication skills, learning ability, and overall performance.

Certificate Eligibility

An Internship Certificate will be awarded upon successful completion of the internship, assigned tasks, and satisfactory performance while maintaining professional conduct.

Reporting Structure

Interns will work under the guidance of a Technical Lead or Project Manager and receive regular mentoring, code reviews, and performance feedback.

Pre-Placement Offer (PPO)

Interns may receive a full-time employment opportunity based on performance with an CTC of 6- 8 LPA after 4 - 6 months of probation period.

Who Can Apply?

- B.E./B.Tech Students
- CS, IT, AIDS & ENTC Branches
- Candidates interested in Frontend Development and Modern Web Technologies

Why Join This Internship?

- Work on Live Projects
- Learn from Industry Experts
- Build Modern React Applications
- Gain Real-World Development Experience
- Internship Certificate
- Performance-Based PPO Opportunity

Final Note

This internship is designed for students who want to build a successful career in Full-Stack Development. Interns will work on live projects, develop production-ready applications using React, and gain practical experience with modern technologies and industry-standard development practices.
